Application No. 10/607,873

ORDER RETURNING UNDOCKETED APPEAL TO EXAMINER

This application was received electronically at the Board of Patent Appeals and Interferences on September 8, 2006. A review of the application has revealed that the application is not ready for docketing as an appeal. Accordingly, the application is herewith being returned to the examiner. The matter requiring attention prior to docketing is identified below.

On May 2, 2006, an Examiner's Answer was entered into the record. In the Evidence Relied Upon section, page no. 2, paragraph 8, the examiner has stated that "No evidence is relied upon by the examiner in the rejection of the claims under appeal." A review of the file reveals that references to Christiansen et al. 6,411,324 and Miyano 6,712,536 were applied to the statement of rejections in the Grounds of Rejection, paragraph (9) of the examiner's answer. Before further review, the examiner must submit a corrected examiner's answer that will include in the Evidence Relied Upon section, the list of references mentioned in the statement of rejections. See the Manual of Patent Examining Procedure, (MPEP) § 1207.02. Appropriate correction is required.

Accordingly, it is **ORDERED** that the application is returned to the Examiner to:

1) issue a revised Examiner's Answer having the missing references listed under the Evidence Relied Upon section, paragraph (8); and

2) for such further action as may be appropriate.
